

*Dear Gundua/Kisima Foundation,*

Hello. I hope this mail finds you well. My purpose of writing to you, is to express my heartfelt gratitude as one of the beneficiaries of your good willed deeds for the four years I was in the university. Following the Gundua/Kisima Scholarship Award Program, I was honoured to receive the scholarship in the year 2016, after which I was privileged to join Maseno University. Thanks to your generosity, I pursued my undergraduate degree and graduated with a Bachelor of Science degree in Geospatial Information Science (With IT).

Coming from a very local village, your generosity has taught me that lighting someone else's candle doesn't make mine any less bright. Thanks to you, on 30th April 2021, I was awarded my University Certificate, following the successful completion of my undergraduate degree. I'm now hoping to enrol for a Master's Program by next year, where I intend to major in Spatial Engineering.

As of December 2021, I have been working as an Intern, with the Department of Water and Irrigation, Meru County. This is by far enabling me gain experience as well as helping serve the community. Just like the Gundua Foundation, my aspiration is to make the world a better place for the incapacitated children, by providing a haven that helps give them hope and help achieve their dreams.

Receiving the Scholarship from the Gundua/Kisima Foundation was one of the greatest things that happened in my life. I will forever be grateful to you and will make sure that your deeds were worth it. Again, thank you very much for having confidence in me and creating a smooth path for me to pursue my dreams.

*Yours Truly,*

*Nelly Gatwiri.*
