

Merry Christmas & Happy New Year

Dear sponsors, supporters and friends of Gundua Foundation

This has been an exciting year for Gundua Foundation.

As the pandemic slowly released its grip we were able to step up our efforts of making our schools the best in the region. This year our main focus has been on completing the much anticipated Girls Dormitory. The lingering effects of the pandemic in combination with global unrest and insecurity not only delayed the construction but also increased the costs and access to building materials.

But at long last, we reached our goal. We are very proud to announce that the Gundua Girls Dormitory was inaugurated and celebrated by more than 900 guests on November 25th.

HRH Crown Princess Victoria performed the inauguration in the presence of all our fantastic students, teachers, parents and dignitaries from both Kenya and Sweden. It was truly a day to remember. The students performed songs and dances, speeches were given, scholarships were handed out and a tree was planted.

The first girls will arrive in January and we are so happy to provide lodging and a safe place for them, many of whom live far away from the school and have to walk long distances in the dark. Not only does this take time away from study time, it also exposes the girls to teenage pregnancies, rape or attack from wild animals.

Education is a powerful driver to escape poverty and your continued support is more important than ever. A donation can help provide us for instance with more iPads to facilitate online education or to complement the school library with new books or to pay for students' tuition.

Please visit <https://gunduafoundation.org/how-to-contribute/> for more suggestions of how you can help. If you wish to contribute please send any amount to the Gundua Foundation by Swish 123 900 21 63, or to our account bankgiro 90 -2163 or plusgiro 90 02 16- 3. Every contribution makes a difference.

Without you nothing of this would be possible.

We wish you all a very merry Christmas and a Happy New Year.

The Gundua Foundation
